     G                    C       G                   B7          C
It's beginning to look a lot like Christmas, everywhere you go
 E7      Am7                  D7                          G
Take a look in the five-and-ten, glistening once again
D7                        A7                 Am7   D
With candy canes and silver lanes aglow
        G                    C       G                   B7     C
It's beginning to look a lot like Christmas, toys in every store
 E7      Am7                Bbdim      G                 E7
But the prettiest sight to see is the holly that will be
Am7            D7   G
On your own front door

                    B7
A pair of hop-along boots and a pistol that shoots,
         Em
is the wish of Barney and Ben
A7                                                    D7
Dolls that will talk and will go for a walk, is the hope of Janice and Jen
D7
And Mom and Dad can hardly wait for school to start again

     G                    C       G                   B7          C

E7      Am7                  D7                          G
There's a tree In the Grand Hotel, one in the park as well
D7                        A7                 Am7   D
The sturdy kind that doesn't mind the snow
        G                    C       G                   B7     C
It's beginning to look a lot like Christmas, soon the bells will start
E7        Am7                      Bbdim      G                E7
And the thing that will make them ring is the carol that you sing
Am      D7             G
Right within your heart

     G                    C       G                   B7          C
It's beginning to look a lot like Christmas, everywhere you go
 E7      Am7                  D7                          G
Take a look in the five-and-ten, glistening once again
D7                        A7                 Am7   D
With candy canes and silver lanes aglow
